Affidavit of Fact

Public Notice & Declaration of Unrebutted Fraud Failure to Cure & Lawful Enforcement of Remedy

I, Govinda Tidball, Sui Juris, a living man, operating under Abrahamic Law, do hereby affirm the following facts as true, correct, and complete, executed in good faith and full honor.

I. Statement of Facts

1. On **February 19, 2025**, I lawfully issued a **Notice of Liability (NOL)** to the **Texas Department of State Health Services - Vital Statistics (VSS)** demanding full disclosure and proof of lawful authority regarding the fraudulent creation of a birth certificate. **This document was created without my knowledge, consent, or wet-ink signature as the father and without the knowledge, consent, or wet-ink signature of the mother, Amrita de Saram.**
2. This **Notice of Liability** was sent via **Certified Mail (Tracking # 9589 0710 5270 0044 9553 70)** and was **received and signed for by VSS on February 21, 2025**, establishing official due notice.
3. **Identical copies** of this Notice were also sent to:
 - **Texas Attorney General Ken Paxton (Tracking # 9589 0710 5270 0044 9554 00) Received: February 24, 2025**
 - **U.S. Attorney General (Tracking # 9589 0710 5270 0044 9553 94) In Transit to Next Facility – Arriving Late (USPS Tracking Status as of March 8, 2025)**
 - **President of the United States of America (Tracking # 9589 0710 5270 0044 9553 87) In Transit to Next Facility – Arriving Late (USPS Tracking Status as of March 8, 2025)**
4. **VSS was given 10 business days to cure the fraud by providing:**
 - **Wet-ink signed documentation proving full disclosure and voluntary consent from the father and mother for the creation of the birth certificate.**
 - **A sworn affidavit under penalty of perjury, confirming the validity of the document and attesting that no fraud, misrepresentation, or unauthorized commercial activity had taken place.**
5. **VSS failed to provide any lawful cure and instead responded on March 5, 2025 with a letter mailed to Amrita de Saram (the mother) at our home address.**
6. **Their response failed to provide proof of lawful authority and instead:**
 - **Returned the entire NOL packet, refusing to acknowledge their obligation.**
 - **Confirmed receipt of documents and their refusal to cure or provide rebuttal.**
 - **Failed to provide any sworn affidavit under penalty of perjury, thereby confirming agreement to the allegations via tacit agreement.**

II. Legal Implications of Failure to Cure

1. **Under commercial law**, failure to lawfully rebut a claim stands as unrebutted fact.
2. **Under UCC-1 and UCC-3 filings**, all financial instruments, transactions, and assets derived from the fraudulent birth certificate are now subject to immediate lien and remedy enforcement.

3. **Under federal law**, willful failure to report fraud constitutes **Misprision of Fraud (18 U.S. Code § 4)** and **Misprision of Felony**, carrying financial penalties and up to **three years imprisonment** for all responsible parties.
4. **Texas Attorney General Ken Paxton**, having received a full copy of the NOE, is now a **material witness to fraud and obstruction of justice**.
5. **U.S. Attorney General and President of the United States**—having had their copies unlawfully delayed or obstructed—remain under obligation to provide immediate remedy, as their silence constitutes further commercial dishonor.

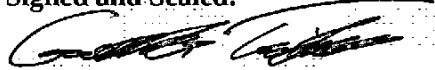

III. Public Notice & Global Enforcement

1. This affidavit, combined with the **UCC-3 Amendment Filing**, shall be recorded and published for global notice.
2. **All financial institutions, central banks, and entities** engaged in fraudulent transactions using birth certificates are now subject to **lien enforcement, forfeiture, and seizure**.
3. **All assets and financial instruments** derived from these fraudulent transactions shall be transferred into **HONOR AND TRUST** for lawful redemption.

IV. Affirmation & Signature

I, Govinda Tidball, Sui Juris, a living man, standing in full honor and under Abrahamic Law, do hereby affirm and declare that the foregoing facts are true, correct, and complete to the best of my knowledge, executed without prejudice and in good faith.

Subject: Fraudulent Birth Certificate Creation – Demand for Disclosure and Redress

Whereas a fraudulent document has been created and utilized without proper authorization in the name "INFANT DE SARAM," and whereas neither **Govinda Tidball** nor **Amrita de Saram**, the lawful father and mother, signed any document used to create this Birth Certificate, this Notice establishes a lawful and public claim over all assets, transactions, and derivatives associated with said document and sets forth a framework for all similarly affected individuals to reclaim their rightful status and property.

Furthermore, our **lawful marriage is not being recognized**, and attempts have been made to **coerce my wife and I into obtaining a court order** as a means to contract us into fraudulent proceedings. This attempt to contract constitutes further evidence of bad faith and continued conspiracy to cover up the fraudulent creation of the Birth Certificate.

Demands for Proof (10-Day Deadline)

The parties addressed in this Notice are hereby required to provide the following within **10 days** of receipt:

1. **Proof that Amrita de Saram was not my lawfully wedded wife at the time of our child's birth and is not my lawfully wedded wife now.**

Hello Shannon,

I looked at the article you sent me. According to the article:

Foreign Minister Vijitha Herath in partnership with the Registrar General's Department has launched the pilot project to facilitate overseas Sri Lankans to obtain certified copies of birth, marriage, and death certificates through Sri Lanka Missions abroad.

Isn't that document referenced in the article for what is issued by the government is in fact the final page of the scan that I sent you? Should we send the original to the vital statistics office? What we sent them was a notarized copy.

I noticed this website on the document itself:

<http://www.consular.mfa.gov.lk/INSTITUTION/>

It appears that is a place that governments go for additional verification.

Perhaps the article you sent, sending in the original and a letter for the AG would be sufficient for Vital Statistics to update the certificate?

Warm Regards,

Govinda

Hello Mr. Tidball,

The senior Paternity Outreach Coordinator reviewed your marriage license and your email.

She suggests that you send the supporting documents to VSS.

The Vital Statistics Section makes the determination of which documents they accept. The Child Support Division is not able to provide a letter.

Thank you,

Dear Ms. Graham,

I had previously sent notarized copies to the Vital Statistics Section (VSS). Are you now advising that I send the original supporting documents instead? If so, I'd appreciate specific instructions on how to proceed securely with those originals.

Attached to this email are images of the documents issued by the Sri Lankan Ministry of Foreign Affairs, which serve as official verification of our marriage. This is the same ministry referenced in the article you provided earlier. Given that these documents are standard, recognized internationally, provide for a channel for additional followup and is the official process made available to us, I'm struggling to understand why VSS requires additional documentation or imposes extra steps.

For context, my wife and I have been happily married for almost eight years, and we have a six-year-old daughter together prior to the birth of our son. My wife is in America on a Green Card as my spouse, and the hospital at the time of our son's birth did not request documentation of this depth. It seems puzzling that such challenges are arising now when the marriage and familial relationship are well established.

Additionally, I am seeking clarification about an earlier issue we encountered. The first time we approached VSS, we were informed that they could not release the records on file because the document listed our son as "Infant de Saram." We wanted to request an update to the certificate but were unable to see the document to identify what needed to be corrected. When we requested the hospital's birth records, we were told electronically that the records could not be sent because they pertained to someone else. We only received assistance when we went to the hospital in person.

This raises a question: how was a birth certificate created with my wife's name on it, yet she was unable to access the very records used to produce it? This process feels opaque, and we would like to make sense of it.

I would like to resolve this matter amicably and correctly. I would also like to fully understand the process so that, if necessary, we can approach the courts with a clear understanding of what to request and how to resolve the issue.

Thank you for your time, and I appreciate any assistance or guidance you can provide to help us move forward.

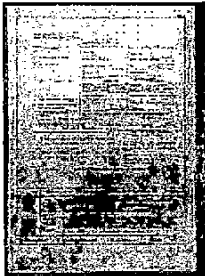

Warm regards,

Govinda Tidball

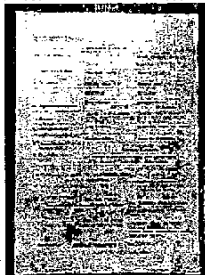

P.S. I have copied my wife Amrita de Saram on this mail as well.
